

HELPING Veterans — GO FISHING —

Helping Veterans Go Fishing is a Program to Help put fishing gear into Our Veterans Hands and get them out fishing as a type of therapy for PTSD and other Physical and Mental Issues. As a Disabled Combat Veteran and Angler Myself fishing helps me so much. So with the help of my VFW Post 5220 we started this program to help other Veterans. We will be having our 3rd Annual Event on April 9 2017 at 1pm. So we are looking for donations of Used and New Fishing Gear. If you have any gear to give to our Veterans.
