Attention Post Members:

Due to the current situation concerning the Covid 19 virus, the post is forced to cancel our annual street distribution of Buddy Poppies. However, we will still be soliciting funds from our members thru the mail for this needy program. We are asking our members to be exceedingly generous this year due to our loss of street sales. Please keep in mind that all monies collected, is deposited into our Relief Fund, and are earmarked for "Only " Veterans or their families.

Also the post newsletter will be suspended beginning with the May/June issue unless circumstances change.

We are also working to update our web site to keep our members informed of post activities and news.
